TIPS FOR EXAM DAYS

And last but not the least, always remember - Plans are only good intentions, but good intentions don't give you good results; unless they are fulfilled with hard work. No one plans to fail in the exams. Everyone wants to get good marks and be the favourite student of teachers. But everyone does not work hard to get those good marks.

Laziness, reluctance to work hard, distractions such as T.V., mobiles, whatsapp, facebook, friends etc. will only take you away from your goal. So, follow the following steps to success:

1. *Identify your weaknesses – T.V., friends, mobiles etc. and stay away from them during study time.*
2. *Make a time table for each day. Set small targets and achieve them on the same day.*
3. *DO NOT POSTPONE till tomorrow what should be finished TODAY.*
4. *Tell your friends not to disturb you when you are studying. Follow the same yourself.*
5. *Forget T.V., mobile phone, i-pad, video games, tabs etc. during exams. They are hurdles in your way to good results.*
6. *Get up early in the morning and study at early hours when your mind is fresh.*
7. *Sleep for 7-8 hours at night to give you a good start the next day.*
8. *Be a hard worker. It is never too late to begin. BEGIN TODAY!*
9. *NEVER depend on UNFAIR means. Do not think of cheating or copying in the exams. There is no short cut to success.*
10. *Believe in yourself. With a little more hard work and will power, YOU CAN DO IT!*

I'm sure that your hard work, combined with the guidance of your teachers will bear fruit.

With good luck and best wishes,

(Manju Malik)
