THEME TO BE EXPLORED IN THE PROJECT :

'AZADI KA AMRUT MAHOTSAV' – 75 YEARS OF INDIAN INDEPENDENCE

As India is going to complete 75 years of its independence this year, 'AZADI KA AMRUT MAHOTSAV' is a commemoration of 75 years of India's Independence. This Mahotsav is a festival of awakening of the nation; a festival of fulfilling the dream of good governance; and the festival of global peace and development. Like the history of the freedom movement, the journey of 75 years after independence is a reflection of the hard work, innovation, enterprise of ordinary Indians. India is still moving forward by strengthening democracy. India, rich in knowledge and science, is leaving its mark from Mars to the moon.

In your project work given below, you will be exploring and researching the above theme.

"Agriculture is a fundamental source of national prosperity" - J. J. MAPES

Students are required to make a project report on "Diversity in crops grown in East, West, North and South of India" comprising the following information.

- Agriculture-basic introduction
- Practices required for growing crops
- Reasons for diversity in nature of crops in different parts of the country.
- Initiatives of the government to boost production.

Note : Project report must be supported with pictures.

INTERDISCIPLINARY PROJECT INDIA - "A MAJESTIC MELANGE"

India is a country of multiple ethnic groups, multiple linguistic compositions. The festivals, traditions as well as cultures make India a majestic mélange. Let us see how we can use mathematics to learn our own cultural diversity.

Task 1:

Select five largely populated cities of India and find the square root of their population. If they are not perfect square numbers, what number should be added or subtracted to make them perfect square numbers.

Task 2:

Study about the mathematics involved in different monuments of India like Taj Mahal, Qutub Minar and more. Write in brief about it. Also find out and mark the different mathematical shapes (2D and 3D) observed in any 5 monuments of India.

Note: Do the project on A-4 size pastel sheets.
