# **CLASS VII**

### Dear parents

The summer break is round the corner and this is the time for kids to revive, recuperate and rejuvenate their energies. This is the time for them to indulge in new activities and experiment with skills that will groom their personalities qualitatively. During this break,

- 1. Do not let the child waste the morning hours. Teach them to get up early and go for a nature walk. They can enjoy an afternoon nap/siesta later on.
- 2. Allow them to play outdoors (morning/evening), get hurt and get dirty. It's okay to fall down and experience a little pain once in a while.
- 3. Allow them to plant at least one sapling and take care of it or adopt a tree and water it every day.
- 4. Get some story/comic books for your child and let them read during the long afternoons.
- 5. Keep away from TV, mobiles, computers for long hours. They waste creative energies of the child.
- 6. Avoid giving chocolates, jellies, chips, cakes, aerated drinks and fried snacks to your child.
- 7. Teach them to prepare/cook their own healthy snacks, salads, lemonades, shakes at home.
- 8. Encourage them to do little household chores themselves lay the table before meals and clean them after meals, refill water bottles, water the plants, dust the furniture, put utensils in the sink, fold the clothes, arrange their cupboards, clothes, bookshelves etc.
- 9. Spend some quality time with your child every day. Talk about home, friends, relationships, dreams, God, good habits, patriotism, honesty, truth, respect for women, love for all creatures etc.
- 10. Inspire your child by giving examples of role models, great personalities etc.
- 11. Prepare for Cycle Test 1 to be held in July 2018.
